

THE MESSAGE
BARDESSONO, NAPA VALLEY

The Bardessono is a newly developed hotel with 62 guest rooms, restaurant and spa in Yountville, California, the heart of the Napa Valley. As a business, we have pledged to care for an unusual set of priorities: for the environment, for each other, for our guests, for the property and for the community nearby. Together, these priorities represent a vision for unprecedented and attentive service. We are driven by this vision and the desire to respond to the needs of our guests – from the most discerning traveler to the most unlikely visitor we hope might happen upon us.

The Bardessono is place of quiet distinction. We have integrated a sophisticated environmental design with an artisan's eye, to discover many luxuries can be redefined. We choose to be deeply green and believe in building wisely with beautiful materials that gently echo the land.

More than simple warmth and welcome, the Bardessono has been built upon the possibility of an intelligent exchange between the traveler and the host. Our vision for hospitality is at once generous, intimate and refined. We believe in our intentions and hope that our exceptional service, environmental practice and quality of design will define an experience every guest may come to know as their own.
